

22. Board Policy *Annual Board Planning and Reporting Cycle*

To accomplish its goals with a governance style consistent with Board policy, the Board will follow an annual agenda which:

- a) Evaluates the Superintendent's progress annually
- b) Monitors policies
- c) Continually improves its performance through Board engagement and professional development

1. The cycle will begin in August and end in June to allow administration to accomplish the long-range vision of the board.

2. The Board will develop its agenda based on the goals documented in the Education Plan and Annual Education Results Report.
